To that end, we pledge to ensure that we have rigorous, standards-based curriculum; instruction designed to meet the needs of diverse learners in every classroom; and access to the global learning community via state-of-the-art technology in schools that are communities of respect and civility for all.

- Goal #1: To have guaranteed (standards-based and implemented by all), viable (doable and accessible to every student), seamless K-12 curriculum in every content area.
- Goal #2: To have rigorous (standards-based), relevant (grounded in 21st Century skills), differentiated instructional practices with the ability to access the global learning community via technology available to every learner.
